Thank you so much for this product. I was told about this in June of 2005 and I blew it off because I believed who in the world would buy jerky online. I thought it would be so tuff an alligator couldn't chew it, BOY WAS I WRONG! I finally ordered 4 bags and it didn't last 26 hours in my house... so I ordered 4 more bags and it was gone almost as fast! The jerky is awesomely good!!
